The schooner J. J. Loggie, with a load of lumber, and bound for San Pedro, went on the rocks of Arguello Point, near the spot where the steamer Santa Rosa was wrecked, and became a total loss. The crew barely escaped with their lives.

## SUPERVISORS TABE FORT ST. AUTO ORDINANCE; UP TO POLICE

Regulation of Traffic in Retail Business Section Turned Over to Sheriff

The board of supervisors last night not only tabled the Fort street automobile ordinance but rejected the proposed compromise of fixing a time limit for autos standing on that and other streets in the business section. The whole matter of regulation of automobiles upon the streets was committed to the discretion of the sheriff under the general law relating to reasonable use of the streets.

Deputy Attorney Milverton submitted an opinion, with report of conference, on the proposed ordinance to prohibit automobiles from standing on Fort street longer than necessary to receive or discharge passengers. After deliberation it seemed to be the opinion of the police committee that the measure would work considerable hardship not only on the Fort street merchants but also on merchants engaged in business on adjacent streets. It was felt, however, that vehicles should not be permitted to stand for an unlimited time upon any public highway. The attorney's opinion was in effect that the conditions complained of could be remedied by a more strict enforcement of certain territorial laws and that no amendment of the automobile ordinance was necessary. He concluded: "I believe better results would be secured by an enforcement of the statutes than by attempting to fix any arbitrary time, because under them the question of reasonableness will depend upon the surrounding circumstances, such as the locality, the congested condition of traffic, the character of the street, etc."

Murray, when the amending ordinance was reached on the order paper, moved it be laid on the table. This carried unanimously, and then Murray moved that the sheriff be instructed to prevent automobiles from standing more than fifteen minutes on Fort street and more than thirty minutes on other streets within the area bounded by Nuuanu and Alakea, and Beretania and Queen streets.

Attorney Peters, who was present with Mr. Merle Johnson, chairman of the committee of the Merchants' Association, opposed setting a time limit, arguing that circumstances might render this a hardship in individual cases. Low supported the Association's attorney and moved in amendment that the direction of automobiles on the public streets be placed in the hands of the sheriff.

Murray, after some remarks, stated that if the sheriff did not satisfactorily attend to the duty he would reintroduce the ordinance.

The amendment carried by the affirmative votes of Arnold, Kruger, Low, McClellan and Murray. Amara voted in the negative.

Rapid Transit Paving.  
A letter was received from the Rapid Transit Co., per C. G. Ballentine, manager, in reply to a letter of inquiry, which stated that at date, October 25, there had been delivered at the company's yards 34,600 obla blocks for use in paving King street, between Nuuanu street and the bridge and that they were stacked and undergoing the seasoning process. The letter assured the board that there was no desire on the part of the company to delay the work and concluded as follows:

"We would also say that you are not more desirous of having this paving laid than we are, but, as a good job can only be done with seasoned blocks, we believe it to be to the interest of the city, the supervisors and the company, that the work should not be prosecuted until the blocks are in fit condition."

On motion of McClellan the communication was received and ordered filed, and then on motion of Murray, seconded by Kruger, the clerk was directed to write to the company and ask it to inform the board when the blocks would be seasoned.

Just before adjournment Low had a motion passed to request the company to repair its portion of other streets.

**Dance Hall Inspectors.**  
The board unanimously appointed the nominees of the Humane Society for dance hall inspectors—Judge W. L. Whitney, Humane Officer Rose C. Davidson and License Inspector W. P. Fennell.

A permit was granted to W. A. Hall for a dance at K. of P. hall. Courtesy to Democrats.

Democratic county committee, on request of B. G. Rivenburg, chairman, to use the front and grounds of the schoolhouse at Kaimuki to hold a meeting "in a similar manner as was granted to the Republicans."

A letter was also formally granted to the Democrats for the evening of November 4.

**Stenographer's Mistake.**  
A letter was received from Frank B. Foster, manager of the export department of the Barrett Manufacturing Company of Philadelphia, complaining that a newspaper sensation had been made out of a letter to the supervisors in September, soliciting a trial of a road preparation of the company and offering "a small commission" on any business effected through them. It was stated that the offer was the mistake of a stenographer in confusing the letter with another to a business man who had formerly represented the company now wanted to retract the mistake and the letter in question.

J. W. Caldwell reported expenditures of the road department for September in detail, the total being \$15,100.80. Payments were made under the following heads: general fund, \$97.60; road tax special, \$3315.23; specials, \$2386.02.

Engineer Whitehouse submitted an estimate that the cost of curbing, etc., for the right of way from the Dowsett estate on Nuuanu avenue would be \$1000.

Engineer Whitehouse reported on the matter of the curbing on Bethel street not being according to specifications, that "this curbing was laid some two years ago by the county, and if it is taken up the county will have to pay the expense." As the fault was not serious he recommended that the curbing be allowed to remain as it is.

Charles Costa, inspector of garbage, reported disbursements of his department for September as \$2233.45 and receipts \$1033.05.

**Death of Employee.**  
Low reported the death of W. H. Kallimal, janitor of Liliuokalani school. Kallimal was formerly keeper of Ala Park. He was an old member of Kawaiahaeo church and he took an active part in Republican politics, having been a delegate to different conventions including the Territorial last held.

Advices have been received by the Honolulu chamber of commerce that the proposition of the Spokane chamber in favor of changing the name of the Panama Canal to American Canal had been approved by sixty chambers on the mainland. The local chamber turned down the suggestion without ceremony, while the merchants' association rejected it by a majority of one.

## NEW SETTLEMENT BUILDING SOON COMPLETE

The new building at Palama Settlement, which has been under construction for the last three months, is rapidly nearing completion and will be ready for occupation by the first of the week. At present the lights are being installed and the painters are putting on the finishing touches.

When completed, the first and second stories will be occupied by James A. Rath, head worker of the settlement, and his family, and also by the resident head nurse and one social worker. The offices of Mr. Rath and W. A. Bowen will remain in the old building as before.

The basement of the new structure is given over entirely to the dispensary, which contains a complete modern equipment. Besides the dispensary there are several storerooms, a large reception room, nurses' room and lavatory.

The new building has supplied a long-felt want in the way of a suitable residence for the head worker and his staff, which will bring them closer to their work, and also a larger and better equipped dispensary in which to treat the numerous diseases that prevail throughout the district. The old Punchbowl dispensary, which was, up until the time it was sold, under the supervision of the Palama workers, will be replaced by a new structure as soon as the necessary funds can be raised. The new building will probably be on the grounds of the Royal School providing the school board will consent to the letting of a small piece of ground for that purpose.

The Palama Improvement Club will hold its next meeting on November 7, at which time the matter of getting the roads in the Palama district oiled will be taken up.

## EASTERN STAR TO HOLD FAIR SATURDAY

Lei Aloha Chapter No. 3 O. E. S., will hold a fair at the home of Mr. M. P. Robinson in Nuuanu Valley on Saturday, December seventh, from two till six o'clock. Dolls of all descriptions will be sold at reasonable prices. A fish pound will be one of the attractions for the children. Dolls' dresses, hats, coats and bed-room slippers will be sold. A flirt-eye doll handsomely dressed will attract both young and old.

A bride and groom with attendants will be sold separately.

Cable messages to W. D. Adams brings the news that Maud Powell, the greatest living woman violinist, well known in Honolulu, will appear here in two concerts between December 26 and January 1. The dates will be announced later.

The Vocational Guidance Bureau, under the direction of the school board, and which plans to secure employment for the young men and boys of Honolulu in work for which they are best fitted, is now on a firm working basis, and the vocational guidance commission, which was appointed by E. H. Tamm a short time ago, is arranging for the sending of letters to each of the three hundred employers in the city, stating the purpose of the commission and to follow up each letter with a personal call by a member of the commission. It is believed that at this rate the necessary data will have been secured by the first of the year. At a meeting of the commission tomorrow afternoon the members will be supplied with lists of the names of the employers to be canvassed.

## WHAT COSMOPOLITAN HONOLULU NEEDS.

Owing to the mixed population of the city of Honolulu, this city has greater need of the Denlo Telephone Fire Alarm service than any other city of the United States. It talks plainly and intelligibly for all people of all nationalities.—advertisement.

## MANY PEOPLE HEAR OF HAWAII FOR DANDRUFF, FALLING HAIR OR ITCHY SCALP, 25 CENT "DANDERINE"

Save Your Hair! Danderine Destroys Dandruff and Stops Falling Hair at Once—Grows Hair, We Prove It

If you care for heavy hair, that glisters with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous you must use Danderine, because nothing else accomplishes so much for the hair.

Just one application of Knowlton's Danderine will double the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair

bleeds Walter G. Smith, and that he would begin at once to make the trip.

## HAWAII SUPERVISORS TALK OF FIRE LIMITS

HILO, Hawaii, Oct. 26.—The meeting of the special committee of the Board of Supervisors held yesterday afternoon to consider the matter of fire limits for this city, accomplished little, though the general result was a decision that fire limits should be designated for Hilo. Henry Beckley acted as chairman of the meeting and among those present were Messrs John Scott, C. Castendyk, E. N. Holmes, H. V. Patten, E. F. Nichols, H. D. Corbett, D. S. Bowman and others. The general discussion showed a great change in opinion since the last time the matter was taken up, some two years ago and a desire for fire limits as long as the conditions require for buildings were not too strict. As the result it was decided to request the County Attorney to draft a building ordinance on the general lines of that in use in Honolulu, but with the two classes of buildings, A and B, under one head instead of two.

The thirty-ninth annual convention of the W. C. T. U. has just opened at Portland, Ore.
